ABOU SEIF BLDG. CONT. CO.

ABOUT US

Established in 1998, Abouseif Building Contracting Company has quickly built a formidable reputation in the construction industry. We are ranked as a Grade-A construction company which is the highest level of recognition and categorization for construction companies in the UAE.

Headquartered in Sharjah, UAE, Abouseif Building Contracting Company specializes in the construction of a wide range of project types, ranging from warehouses, luxury villas and high-rise residential towers. We operate across the UAE and expanding our reach internationally to Saudi Arabia and other MENA countries.

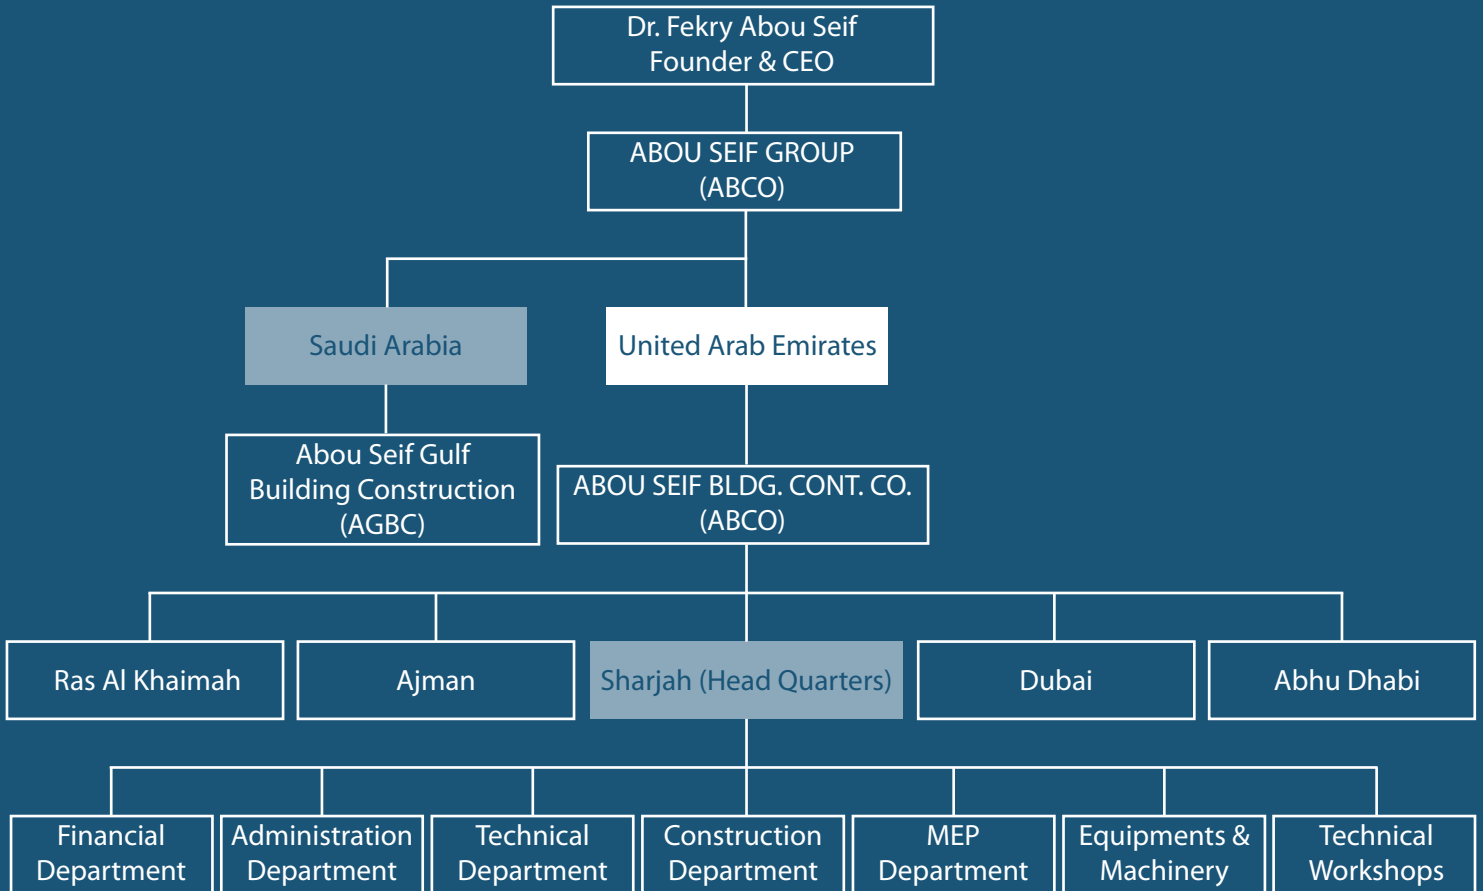

MISSION AND VISION

MISSION | Deliver excellence in building construction services by constantly meeting the clients' requirements of time, cost, and quality, while maintaining a clean and safe work environment. We exceed clients expectations through continuous project and process innovation and improvement.

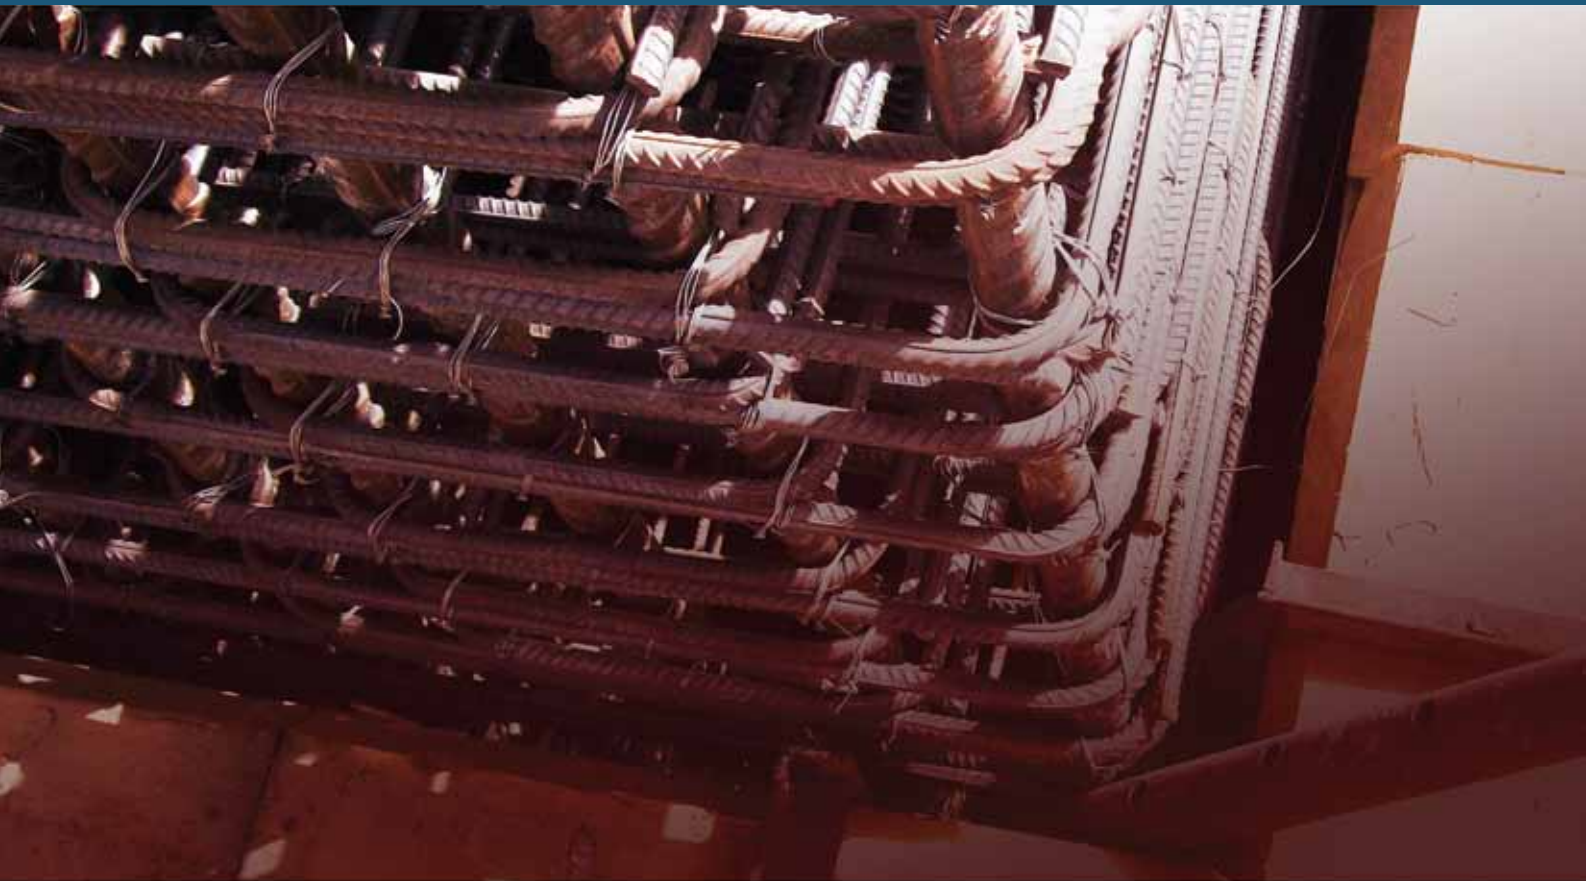

VISION | To provide innovative construction technologies and aesthetics to our clients, and to be the leading construction company in the residential and commercial construction fields. To provide the best customer solutions to mutually benefit and sustain productivity and growth in today's market.

CORPORATE STRUCTURE

STRONG FOUNDATIONS

DEPARTMENTS | Committed to providing the best quality of work and wide range of services to our clients, Abou Seif Building Contracting Company is capable of undertaking any type of project regardless of size or complexity. WE have expert teams in fields of Design, HVAC, Estimations and Planning, Electrical, Plumbing and Civil Engineering.

WORKFORCE

Our workforce of roughly 1000 highly qualified and skilled engineers, foremen, technicians, electricians, plumbers, skilled and unskilled labors allows us to carry out all of the operations required for project completion in house efficiently and with great efficiency.

EQUIPMENT

Owning a huge inventory of equipment and a large fleet of machinery, allows us to be time and cost effective by efficiently deploying heavy machinery such as bobcats, bulldozers or tower cranes at locations where they are needed, when they are needed with minimal delay.

QUALITY OF SERVICES

Our solid client base and prestigious projects are testament to the quality of our work. Our dedicated and professional workforce does the job right the very first time. This minimizes all the snags that plague many other construction projects.

TIMELY DELIVERY AND COST EFFECTIVE SOLUTIONS

Carrying out almost all operations in-house thanks to our large and diverse workforce, and our vast array of equipment and machinery allows us to cut on both time and expenses. The result is timely delivery and very cost effective solutions.

FLEXIBILITY

About Seif Building Contracting Company has always supported its clients through rough economic times, allowing for non-stop project development through flexible work procedures suitable for the client.

SAFETY

Safety on our sites has always been a great concern and a priority, which is why we have developed strict procedures and processes which ensure that all our staff and workers are kept safe at all times minimizing and practically eliminating accidents.
